Application No: 10/630,348
Examiner: MERCIER, MELISA SREMARKS

This Supplemental Amendment is being filed to correct a typographical error in claim 1.

The personal interview granted by Examiners Woodward and Mercier on July 22, 2008 is acknowledged. The prior art of record was discussed as well as the advantages of the invention which relate to the formulation of a controlled release formulation of highly water soluble drugs in a compact dosage form. No commitment was given as to the allowability of any claim.

Favorable consideration and early allowance are therefore respectfully requested and earnestly solicited.

Respectfully Submitted,
